

## PROFILE

I am a Computer Science student at MacEwan University in Edmonton Alberta.

As my breadth of education implies, I have an insatiable curiosity and a love of learning. My drive to succeed is fostered by a competitive nature and a desire to support my family.

Please visit my website and feel free to contact me in any way you prefer.

# ALEX WORTHY

Software Developer

## EDUCATION

### **B.Sc. Computer Science - MacEwan University**

2018 – 2020

With a minor in Earth and Atmospheric science, my studies have been focused in general development and software security.

### **B.Sc. Biological Sciences - MacEwan University**

2011 – 2016

With a minor in Organic Chemistry, my studies were focused in fields related to genetics, molecular biology, and biochemistry.

## WORK EXPERIENCE

### **Shared Services Canada – Data Centre Services Intern**

Jun 2019 – Aug 2019

As an intern I spent my time with certified professionals learning how to perform the work necessary in the maintenance and deployment of server infrastructure in an enterprise environment.

Responsible for assembly and disassembly of servers, network devices, server cabinets, and other peripherals. Learned how to install, initialize and configure a server on a network, and about the use of virtualization software to maintain server uptime and load balancing.

### **Home Depot Canada – Sales Associate**

May 2011 – Present

Responsible for the design specification and sale of custom millwork, doors, and windows. As an Equipment Trainer, responsible for the safe use of all heavy equipment as well as the training and supervision of new operators.
